INDEX

VOL. XVIII. The Wireless Engineer 1941

PAGE

A.C. Impedance of Chokes and Transformers, A Measuring Instrument for Production Checks of the, T. J. Rehfisch and H. T. Bissmire 266
A.V.C. Circuit Time Constants, D.C. Amplified, K. R. Sturley and F. Duerden 353
ABSTRACTS AND REFERENCES (*see special Index published separately, priced 2s. 6d.*)
Acoustical and Electromagnetic Waves, The Velocity of (*Editorial*) 265
Admiralty Handbook of Wireless Telegraphy, The (*Editorial*) 481
Aerial Coupling Circuits, Receiver, K. R. Sturley ... 137, 190
Aerial, Increasing the Power Efficiency of the Rhombic Transmitting, L. Lewin 180
Aerials, Noise in Receiving (*Correspondence*) 405
Ammeter, The Oscillating High-Frequency (*Editorial*) ... 93
Amplified A.V.C. Circuit Time Constants, D.C., K. R. Sturley and F. Duerden 353
Amplifier, Equivalent Circuits of the Feedback, Alan Fairweather 151
Amplitude Modulation, Frequency *versus* (*Editorial*) 1
Amplitude, Phase and Frequency Modulated Systems, Interference in Relation to, O. E. Keall 6, 56
Analysis of the Ionosphere (*Editorial*) 43
Anode Dissipation in Anode-Modulated Class C Amplifiers, R. G. Mitchell 443
Automatic Tuning and Measurement of Modulation, The Locked-in Oscillator and, S. Byard and W. H. Eccles ... 2

Band-Pass Effect in Electric Wave-Filters Terminated in Negative Impedance, The Nature of, S. P. Chakravati... 103
Band-Pass Filters, Coupling Circuits as, E. K. Sandeman 361, 406, 450, 492
BOOKS :
E.R.A. Reports :—
The High Frequency Properties of Various Forms of Wire Specimens, G. G. Sutton 415
(*Correspondence*) 496
Radio Interference from Thermostats in Refrigerators and Irons, S. F. Pearce and S. Whitehead 415
Geomagnetism, Sydney Chapman and Julius Bartels ... 17
Radio-Frequency Measurements by Bridge and Resonance Methods, L. Hartshorn 63
Bridged-T Method of Measuring the Constants of a Coil, The (*Editorial*) 135
British Standards Specifications: No. B.S. 415-1941 "Safety Requirements of Mains-operated Wireless Apparatus," and No. B.S. 951-1941 "Earthing to Water Mains" ... 197
No. B.S. 933-1941 "Magnetic Materials for Use Under Combined D.C. and A.C. Magnetisation" 491

Cathode-Ray Tubes, Some Effects of Secondary Emission on Deflector Plate Characteristics of, Hilary Moss ... 309
Chokes and Transformers, A Measuring Instrument for Production Checks of the A.C. Impedance of, T. J. Rehfisch and H. T. Bissire 266
Coil Constants, The Twin-T Method of Measuring (*Editorial*) 441
Coil in a Metal Container, The Influence of Stray Capacitances on the Effective Inductance of a, L. I. Farren and R.S. Rivlin 313
Condenser, The Deflecting (*Correspondence*) 277
Constants of a Coil, The Bridged-T Method of Measuring the (*Editorial*) 135
Constants, The Twin-T Method of Measuring Coil (*Editorial*) 441
Constrast Expander Circuit, An Analysis of the Crosley, S. W. Amos 237
Coupled Circuits, Natural and Resonant Frequencies of (*Editorial*) 221
Coupling Circuits as Band Pass Filters, E. K. Sandeman 361, 406, 450, 492
Crosley Contrast Expander Circuit, The, S. W. Amos ... 237
Cycles per Second (*Editorial*) 179

D.C. Amplified A.V.C. Circuit Time Constants, K. R. Sturley and F. Duerden 353
Deflecting Condenser, The (*Correspondence*) 277
Dimensions of Physical Quantities, The (*Editorial*) 351
Diode as Rectifier and Frequency-Changer, D. A. Bell ... 395

PAGE

Effect of the Earth's Curvature on Ground-Wave Propagation, The (*Editorial*) 393
Effective Inductance of a Coil in a Metal Container, The Influence of Stray Capacitances on the, L. I. Farren and R. S. Rivlin 313
Efficiency of the Rhombic Transmitting Aerial, Increasing the Power, L. Lewin 180
Electromagnetic Waves, The Velocity of Acoustical and (*Editorial*) 265
Electron Beam Traversing a Transverse Alternating Deflecting Field, Impedance of an (*Correspondence*) ... 64, 154
Equivalent Circuits of the Feedback Amplifier, Alan Fairweather 151

Feedback Amplifier, Equivalent Circuits of the, Alan Fairweather 151
Ferrocart. A phenomenon of Time 352
Frequencies of Coupled Circuits, Natural and Resonant (*Editorial*) 221
Frequency *versus* Amplitude Modulation (*Editorial*) 1
Frequency-Changer, Diode as Rectifier and, D. A. Bell ... 395
Frequency Modulated Systems, Interference in Relation to Amplitude, Phase and, O. E. Keall... ... ... 6, 56

Ganging Superheterodyne Receivers, Martin Wald ... 146
Ground-Wave Ptopagation, The Effect of the Earth's Curvature on (*Editorial*)... 393

Half-Wave Modulation, C. E. G. Bailey 279
High-Frequency Ammeter, The Oscillating (*Editorial*) 93

Impedance of Chokes and Transformers, A Measuring Instrument for Production Checks of the A.C., T. J. Rehfisch and H. T. Bissmire 266
Impedance of an Electron Beam Traversing a Transverse Alternating Deflecting Field (*Correspondence*) ... 64, 154
Inductance of a Coil in a Metal Container, The Influence of Stray Capacitances on the, L. I. Farren and R. S. Rivlin 313
Inductance Linearised Time Base, F. C. Williams and Alan Fairweather 224, 271
(*Correction*)... 312
INDUSTRY, THE :—
Brimar Rectifier Type 25Z4G... 64
British Insulated Cables, Ltd. :
Leaflet NSG6 on Pernax Insulating Tape 187
Cossor, Ltd. :
Instruction Manuals Issued, A.C. Impedance Bridge Model 3389... 64
Double-Beam Cathode-Ray Oscillograph Model 3339 ... 111
Eddystone :
Change of Address 111
Loose-leaf Folder with Technical Leaflets Issued 456
Edwards and Co. :
"Vacustat" Vacuum Gauge 64
Catalogues of High-Vacuum Diffusion Pumps 456
Expanded Rubber Co., Ltd. :
Brochure on Gas-Expanded Rubber and Ebonite Cellular Materials 456, 491
Holsun Batteries, Ltd. :
Change of address 187
Multicore Solders, Ltd. :
"Ersin" Lead-Free Solder 456
Pernax Insulating Tape, Leaflet on 187
Salford Electrical Instruments, Ltd. :
Quartz Crystal Calibrator Type BW.200 5
Sloan Electrical Co., Ltd. :
Change of Address 187
Standard Telephones and Cables, Ltd. :
Brimar Rectifier Type 25Z4G 64
Catalogue Describing Type E.S.4. S.W. Transmitter ... 491
Stratton and Co., Ltd. :
Change of Address 111
Loose-leaf Folder with Technical Leaflets Issued... ... 456
Taylor Electrical Instruments, Ltd. :
Catalogue 64

INDUSTRY, THE (*continued*):—
Tin Research Institute: Publications Issued:
No. 102 "Hot Tinning" 111
No. 105 "Spectrographic Methods of Determining Impurities in Lead-Tin Solders" 456
White Co., The S. S.: Treatise and Supplements on Remote Control Issued 64, 187
Wright and Weaire Ltd.: Director's Resignation 491
Interference in Relation to Amplitude, Phase and Frequency Modulated Systems, O. E. Keall 6, 56
Ionosphere, Analysis of the (*Editorial*) 43
Iron, Testing Small Samples of Transformer (*Editorial*) ... 307

Linearised Time Base Inductance, F. C. Williams and Alan Fairweather 224, 271
(*Correction*)... 312
Linear Rectifier as Indicator of Measurements of Shot and Thermal Noise, The, D. A. Bell 95
(*Correspondence*) 278, 323
Line-Controlled Apparatus, Analysis for the Design of Pierce Piezo-Electric Oscillator, The, H. Jefferson ... 232
Locked-In Oscillator and Automatic Tuning and Measurement of Modulation, The, S. Byard and W. H. Eccles... 2

Magnetron, Theory of Short-Wave Oscillations with the (*Correspondence*) 404
Measurement of Modulation, The Locked-in Oscillator and Automatic Tuning and, S. Byard and W. H. Eccles ... 2
Measurement of Modulation Depth, The, H. D. McD. Ellis 99
Measurements of Shot and Thermal Noise, The Linear Rectifier as Indicator of, D. A. Bell 95
(*Correspondence*) 278, 323
Measuring Coil Constants, The Twin-T Method of (*Editorial*) 441
Measuring the Constants of a Coil, The Bridged-T Method of, (*Editorial*) 135
Modulated Class C Amplifiers, Anode Dissipation in Anode-, R. G. Mitchell... 443
Modulated Systems, Interference in Relation to Amplitude, Phase and Frequency, O. E. Keall... ... ... 6, 56
Modulation, The Locked-In Oscillator and Automatic Tuning and Measurement of, S. Byard and W. H. Eccles ... 2
Modulation Depth, The Measurement of, H. D. McD. Ellis ... 99
Modulation, Frequency *versus* Amplitude (*Editorial*)... ... 1
Modulation, Half-Wave, C. E. G. Bailey 279

Natural and Resonant Frequencies of Coupled Circuits (*Editorial*) 221
Negative Impedance, The Nature of the Band-Pass Effect in Electric Wave-Filters Terminated in, S. P. Chakravarti 103
Noise, The Linear Rectifier as Indicator of Measurements of Shot and Thermal Noise, D. A. Bell 95
(*Correspondence*) 278, 323
Noise in Receiving Aerials (*Correspondence*) 405
Nomenclature, Slovenly Tendencies in (*Editorial*) 179

Oscillating High-Frequency Ammeter, The (*Editorial*) ... 93
Oscillations with the Magnetron, Theory of Short-Wave (*Correspondence*) 404
Oscillator, The Pierce Piezo-Electric, H. Jefferson 232

Phase and Frequency Modulated Systems, Interference in Relation to Amplitude, O. E. Keall 6, 56
Physical Quantities, The Dimensions of (*Editorial*) 351
Pierce Piezo-Electric Oscillator, The, H. Jefferson ... 232
Power Efficiency of the Rhombic Transmitting Aerial, Increasing the, L. Lewin 180
Practical Triode, The, I. A. Harris 45
(*Correspondence*) 153
Propagation, The Effect of the Earth's Curvature on Ground-Wave (*Editorial*) 393

Receiver Aerial Coupling Circuits, K. R. Sturley ... 137, 190
Receiving Aerials, Noise in (*Correspondence*) 405
Rectifier and Frequency-Changer, Diode as, D. A. Bell ... 395
Relaxation Amplifier, The, Martin Wald 483
Replacement Valves, B.V.A. List of 491
Resonant Frequencies of Coupled Circuits, Natural and (*Editorial*) 221
Rhombic Transmitting Aerial, Increasing the Power Efficiency of the, L. Lewin 180

PAGE

Secondary Emission on Deflector Plate Characteristics of Cathode-Ray Tubes, Some Effects of, Hilary Moss ... 309
Shot and Thermal Noise, The Linear Rectifier as Indicator of Measurements of, D. A. Bell 95
(*Correspondence*) 278, 323
Short-Wave Oscillations with the Magnetron, Theory of (*Correspondence*) 404
Slovenly Tendencies in Nomenclature (*Editorial*) 179
Stray Capacitances on the Effective Inductance of a Coil in a Metal Container, The Influence of, L. I. Farren and R. S. Rivlin 313
Superheterodyne Receivers, Ganging, Martin Wald ... 146

Testing Small Samples of Transformer Iron (*Editorial*) ... 307
Theory of the Practical Triode, A, I. A. Harris 45
(*Correspondence*)... 153
Theory of Short-Wave Oscillations with the Magnetron (*Correspondence*) 404
Thermal Noise, The Linear Rectifier as Indicator of Measurements of Shot and, D. A. Bell 95
(*Correspondence*) 278, 323
Time Base, Inductance Linearised, F. C. Williams and Alan Fairweather 224, 271
(*Correction*)... 312
Transformer Iron, Testing Small Samples of (*Editorial*) ... 307
Transformers, A Measuring Instrument for Production Checks of the A.C. Impedance of Chokes and, T. J. Rehfisch and H. T. Bissmire 266
Transmitting Aerial, Increasing the Power Efficiency of the Rhombic, L. Lewin 180
Triode and Its Application to Valve Design, A Theory of the Practical, I. A. Harris 45
(*Correspondence*) 153
Tuning and Measurement of Modulation, The Application of the Locked-in Oscillator to Automatic, S. Byard and W. H. Eccles 2
Twin-T Method of Measuring Coil Constants, The (*Editorial*) 441

Valve Design, A Theory of the Practical Triode and its Application to, I. A. Harris 45
(*Correspondence*) 153
Valves, B.V.A. List of Replacement 491
Velocity of Acoustical and Electromagnetic Waves, The (*Editorial*) 265

Wave-Filters Terminated in Negative Impedance, The Nature of the Band-Pass Effect in Electric, S. P. Chakravarti 103
Wave Propagation, The Effect of the Earth's Curvature on Ground- (*Editorial*) 393
Waves, The Velocity of Acoustical and Electromagnetic (*Editorial*) 265
